

# KICK-OFF

Friday, JAN 17, 2020

Royal Academy of  
Medicine of Belgium

With the support of the Julie Renson Fund, the Queen Fabiola Fund and the King Baudouin Foundation

## CHAIRS IN TRANSITION PSYCHIATRY

### PROGRAMME AM

9:00	Registration
9:30	Introduction by KBF dr. E. Nelis
10:00	Psychiatry in transition in a world in transition Prof. dr. V. Delvenne
10:30	Youth in Transition Prof. dr. R. van Winkel
11:00	BREAK
11:30	Transition psychiatry: the Dutch experience Prof. dr. T. van Amelsvoort
12:00	Mental health care 2.0 Prof. dr. J. van Os
12:30	Panel discussion

Transition psychiatry (TP) refers to psychiatry during the transition from adolescence to adult life. The period in a person's life between the ages of 14 and 25, when they are psychologically most vulnerable, deserves more attention in psychiatry. The chairs aim to promote research, education and increase knowledge.

#### Psychiatry in transition in a world in transition – Prof. dr. V. Delvenne

Our aim is double. We propose : 1) to identify dimensional aspects of individual development and environment that contribute to adult psychopathology during transition age and 2) to establish preventive actions and specific interventions for that age group.

#### Youth in Transition: Mental Health in a Challenging Period —Prof. dr. R. van Winkel

We will focus on two major aspects of TP: 1) key social mechanisms shaping risk and resilience to mental health problems, and 2) the effective organisation of services to treat these problems.
